ABOUT US

Wilsons Uganda Limited is a construction and earthmoving equipment rental company based in Bunga, Kampala. Established in 2011, we aim to provide quality and reliable construction equipment from reputable brands such as JCB, Komatsu, and CAT for construction projects, execution, and rental purposes.

We aim to be the preferred provider of quality equipment for construction companies and individual developers, as we establish a brand that stands for quality, reliability, and performance. Our experienced and knowledgeable team of professionals is ready to meet all your construction project needs.

We ensure customer satisfaction through the timely completion of projects and the provision of high-quality engineering equipment for hire

The company has successfully operated in Uganda for the past ten years working on gravel access roads to bituminous standards, road maintenance projects, Valley dams Excavations in Northern Uganda under various NGOs, and a number of contractors hiring our equipment for construction projects.

OUR PROMISE

To offer Quality, Reliable Equipment
